

## Sunseeker 28M Yacht

# AUTUMN

New for 2015, 'Autumn' is the latest addition to our charter fleet and will be based in the stunning Port Adriano, Mallorca. This will be the perfect base for 'Autumn' with amazing bars, restaurants and beach clubs along the main quay. She will be ideal for cruising over to Ibiza, Menorca and even as far as mainland Spain.

'Autumn' was handed over to the owner at the Southampton Boat Show 2014 with crowds of people flocking to the stand to get a glimpse of the beautiful new 28 Metre Yacht.

'Autumn' is now based in Mallorca, the ideal location for this kind of yacht due to her size and capacity to sleep 8 guests in 4 spacious cabins. One master cabin with ensuite and walk-in wardrobe, one forward VIP cabin and two identical cabins with twin beds that can be made into large doubles giving the flexibility between a family yacht or groups of couples.

The yacht is fitted with plenty of extras including a deck Jacuzzi, BBQ, bar and 4.7m Tender to mention a few. The yacht also has plenty of customised water sports equipment including wakeboard, water skis, towables and stand up paddle boards.

The crew of 4 will be on board to provide you with outstanding service whether it be culinary skills, water sports instruction or maybe even a bit of boat tuition with the captain.

'Autumn' is set to be the envy of all Sunseekers in the Balearics and we anticipate a fully booked charter calendar for the season.
